

I bought you a goat

To

I decided to get you a gift that makes a difference. Through Brighter Futures Zambia I've bought you a goat! Well, actually, I've bought a Zambian family a goat. The milk helps provide a sustainable income for the household and is a valuable source of nutrition. And when the goats reproduce, their kids are passed on to the other orphan families in the area which means that my gift to you can also be a gift to the whole community.

From

Brighter Futures Zambia is a small charity that makes a big difference to orphans and vulnerable children in Zambia. Their mission is to help them complete their education and live happier, healthier and safer lives.
